

# **BUILDING A BETTER WORLD**

Ghella's Corporate Sustainability Plan 2019 – 2022, **Building a Better World**, expresses the company **Vision** through a set of social, economic and environmental commitments, in turn detailed into specific **actions** aimed at reaching **8 Macro-objectives**.

The purpose of Ghella's Corporate Sustainability Plan is to:

#### **IMPROVE**

The Plan provides a recognizable framework to define Sustainability objectives and promotes continuous improvement by providing a tool for the analysis and monitoring of the company sustainability performance.

#### **MOTIVATE**

The plan promotes a systematic approach to the integration of Sustainability objectives into business processes and fosters a sense of shared responsibility and motivation amongst employees

#### **COMPETE**

The Plan represents a public commitment towards Sustainability and strengthens the competitiveness of the company in the context of national and international tenders, through the adoption of a sustainability governance

# **METHODOLOGY**

Ghella's **Sustainability Plan** results from the analysis and integration of internationally recognized Sustainability frameworks and reflects values and principles expressed in the company Policies

# **COMPANY POLICIES**

Sustainability; Sustainable Procurement; Environment; Health & Safety; Anti-corruption Guidelines; Human Rights Guidelines; Human resources; Equity, Diversity and Inclusion; Code of Ethics

# ISO 26000

Governance; Human rights; Reports and working conditions; Environment; Proper management practices; Specific aspects relating to clients; Community involvement and development

# **OUR COMMITMENTS**

# **OUR OBJECTIVES AND THE SUSTAINABLE DEVELOPMENT GOALS**

**OBJECTIVES SDGs** 

1. Consolidate a compliance and sustainability Governance at the corporate level

2. Promote the development of Human Capital and people Well-being

3. Ensure continuous improvement of occupational Health and Safety performance

4. Reduce local **Environmental Impacts** 

6. Promote a Sustainable Supply Chain and the efficient use of resources

5. Increase Energy Efficiency and reduce Greenhouse Gas emissions

7. Encourage Local Development and dialogue with Communities

8. Promote **Excellence** and **Innovation** in our reference market

# **OBJECTIVES AND ACTIONS**

#### 1. Consolidate a compliance and sustainability Governance at the corporate level

- 1.1 Guarantee the integration of Sustainability principles in business processes and in Company Management Systems
- 1.2 Develop awareness / training programs to create a Sustainability Culture
- 1.3 Report and communicate the company Sustainability and Compliance performance in a certified Sustainability Report

#### 2. Promote the development of Human capital and people Well-being

- 2.1 Provide soft and transferable skills development opportunities
- 2.2 Introduce measures to facilitate employee work-life balance
- 2.3 Introduce a 'Healthy Living' program to promote healthy lifestyles among employees
- 2.4 Introduce measures for the prevention and support of Mental Health issues
- 2.5 Strengthen measures to reduce the 'Gender Gap'

#### 3. Ensure continuous improvement of occupational Health and Safety performance

- 3.1 Guarantee the continuous improvement of the Safety Management System
- 3.2 Promote a Safety Culture through training programs, awareness raising and worker participation initiatives
- 3.3 Promote the adoption of proactive indicators in the monitoring of safety performance

# **OBJECTIVES AND ACTIONS**

# 4. Reduce local Environmental Impacts

- 4.1 Guarantee the continuous improvement of the Environmental Management System
- 4.2 Introduce a 'mobility management' program for the headquarters staff
- 4.3 Guarantee the protection of local ecosystems and biodiversity in our worksites

#### 5. Increase Energy Efficiency and reduce Greenhouse Gas emissions

- 5.1 Evaluate, certify and progressively reduce the company Carbon Footprint
- 5.2 Introduce energy efficiency initiatives across the life cycle of our projects
- 5.3 Where possible, produce and/or purchase energy from renewable sources

#### 6. Promote a Sustainable Supply Chain and the efficient use of resources

- 6.1 Improve the Sustainable Procurement process by strengthening its environmental and social criteria
- 6.2 Promote the efficient use of resources
- 6.3 Promote dematerialization and reduce the consumption of office paper

# **OBJECTIVES AND ACTIONS**

#### 7. Encourage Local Development and dialogue with Communities

- 7.1 Quantify the economic-social-environmental externalities generated by our projects
- 7.2 Ensure social inclusion and training and education initiatives to contribute to the growth of local communities
- 7.3 Guarantee the inclusion of local resources in our worksite staff and of local suppliers and subcontractors in our supply chain

#### 8. Promote Excellence and Innovation in our reference market

- 8.1 Introduce measures to collect client and partner's satisfaction indicators
- 8.2 Encourage the internal development of Innovative technical solutions and promote external collaboration with research institutions
- 8.3 Promote eco-design criteria and sustainability best practices across the entire life cycle of our projects
